DEPARTMENT OF RAILWAYS.

“RAILWAY ACT.”

PURSUANT to the provisions of section 7 of the “Railway Act,” being chapter 241, “Revised Statutes of British Columbia, 1936,” and amending Act, His Honour the Lieutenant-Governor in Council has been pleased to approve the following certificate, numbered 726, signed and sealed by the Minister of Railways on the 21st day of January, 1947, making rules and regulations pursuant to section 287 of the said Act governing the design and construction of steam-boilers and pressure-vessels as set forth in the boiler code:—

Certificate No. 726.

“RAILWAY ACT.”

(Chapter 241, R.S.B.C. 1936.)

I, Leslie Harvey Eyres, Minister of Railways of the Province of British Columbia, hereby certify that, pursuant to section 287 of the “Railway Act,” being chapter 241, R.S.B.C. 1936, I have made rules and regulations governing the design and construction of steam-boilers and pressure-vessels as set forth in the boiler code, Department of Railways, Province of British Columbia, copy of which is attached hereto.

In witness whereof I have hereunto set my hand and seal this twenty-first day of January, in the year of our Lord one thousand nine hundred and forty-seven.

[L.S.] L. H. EYRES.

NEW BOILER CODE FOR BRITISH COLUMBIA.

A new boiler code of rules and regulations governing the design, construction, and inspection of boilers, pressure-vessels, and appurtenances for the Department of Railways was approved to-day by Order in Council.

The new boiler code embraces the best boiler-construction practices in Canada and the United States so that greater advantages can be derived from the modern engineering methods practised to-day by the larger and more progressive locomotive and boiler manufacturers. One section of the new boiler code deals with the latest methods of fusion welding and the inspection of all-welded boilers and pressure-vessels by the X-ray process, while another section deals exclusively with the design of railway locomotive boilers and permits the manufacture of all-welded locomotive boilers under the control of strict Government inspection.

The Boiler Code Committee in preparing the new boiler code endeavoured to establish a uniformity of rules and regulations between the various Provincial Departments concerned. While advantage may be taken of the most up-to-date construction under this code, at the

same time the rules have been made sufficiently flexible to make due allowances for boilers constructed under previous or other rulings in order that existing equipment will not be unduly penalized and at the same time be safe for operation.

The Boiler Code Committee consisted of J. B. Tait, Robert E. Swanson, J. W. Millar, T. A. Wood, Donald Denham, and J. H. Carmichael.

The printing of the new code is now in the hands of the King's Printer, and it is expected copies will be available in a short time.

## ORDERS IN COUNCIL.

GOVERNMENT HOUSE,  
VICTORIA, B.C., January 17th, 1947.

PRESENT:

HIS HONOUR THE LIEUTENANT-GOVERNOR IN COUNCIL.

**W**HEREAS by "An Act respecting Pound Districts," it is enacted that the Lieutenant-Governor in Council may, by Order in Council made public by notice in The British Columbia Gazette, constitute any part of the Province of British Columbia not within the limits of a municipality into a pound district:

And whereas under the provisions of this Act application has been made by proprietors of land in the vicinity of East Wellington to constitute as a pound district all that land which may be more particularly described as follows: Sections 16, 17, and 18, Range 5, and Sections 16 and 17, Range 6, Mountain District:

And whereas notice of intention to constitute such part of the Province as a pound district was given in accordance with the requirements of the Act and petitions in favour of constitution of said part of the Province as a pound district have been received from thirteen (13) proprietors of land within the said area and a counter-petition has been received from seven (7) proprietors of land within the said area; and whereas the total number of proprietors entitled to sign petitions is twenty (20):

And whereas the Act provides that if the petition of the majority of the proprietors be forwarded to the Minister of Agriculture, then in such case the proposed pound district may be constituted:
